## HUSBAND OBJECTS TO OPERATION

## Wife Cured by Lydia E. Pinkham's Vegetable Compound

Des Moines, Iowa.—"Four years ago I was very sick and my life was nearly spent. The doctors stated that I would never get well without an operation and that without it I would not live one year. My husband objected to any operation and got me some of Lydia E. Pinkham's Vegetable Compound. I took it and commenced

to get better and am now well, am stout and able to do my own housework. I can recommend the Vegetable Compound to any woman who is sick and run down as a wonderful strength and health restorer. My husband says I would have been in my grave ere this if it had not been for my Vegetable Compound." Mrs. BLANCHE JEFFERSON, 703 Lyon St., Des Moines, Iowa.

Before submitting to a surgical operation it is wise to try to build up the female system and cure its derangements with Lydia E. Pinkham's Vegetable Compound; it has saved many women from surgical operations.

Write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice—it will be confidential.

Has Anything Like This Ever

Approached You?

A man, a team of horses, a heavy express wagon, and a brand new cooking range. The man, an educated talker, shrewd, smooth, well trained, presents to you the superior qualities of his range, possibly gains your interest and attention, and so anxious is he to please you that he is even willing to set the range into your home on trial. If you are not so thoroughly mesmerized and entirely satisfied when you see this range on your floor that you are prevailed upon to part with some three-fourths of a hundred dollars on the spot, he will, no doubt, accommodate you by allowing you to sign a certain document. Possibly, too, your wife may have the privilege of subscribing to the same. It may start off something like this:

"STATE OF VERMONT 19

We, or either of us, promise to pay, etc."

There may be a memorandum of agreement stating that said range will "stop," "start," "pull" or "back," provided you furnish the same such fuel and fuel as is necessary to its PERFECT OPERATION.

Furthermore, you may find on this document, if carefully perused, "NOTICE, Special"

Without going into detail more fully, let us suppose that when you have signed this document you have signed a rock-ribbed promissory note, with no "ifs," "ands" or "buts," and no allowance for old stove or anything else. As soon as you have put your name to this document you are dealing not with the smooth talking salesman, but with a firm perhaps nearly one thousand miles from you, who neither knows you or cares anything about you, except to obtain on the sale of said range an amount of profit that would make your home dealer gasp, and the collector, who will call in due time, cares for nothing except the cold cash which he will demand on his arrival.

The man you meet in this way is a total stranger, his house little less than a thousand miles away, and not a cent of the money you pay for their range is likely to ever see Vermont again. Now, THE STRANGEST PART OF ALL THIS PROCEEDING IS, there have been people and there still seems to be people, quite a goodly number of them, who are perfectly willing to sign up with these strangers, without ever taking the pains to even drive to their nearest dealer to find out how much better they could do on a range RIGHT AT HOME, with the men who are doing their best to help to make our state, county and town a better place for you to live in, the men who accommodated you if you ever wanted store credit, the men who will accommodate you if you need credit on a range, and the men who will make absolutely good in anything about your range which goes wrong.

But, if you are approached by a stranger in this way, and you make up your mind that the best and wisest thing for you to do is to buy the stranger's range, take this little bit of advice: Ask him to call around the next day, and in the meantime go to your nearest responsible lawyer, pay him \$1.00 and have him go over that interesting document with you before you have honored it with your name. We think likely this would be one of the best dollars you ever spent. For our part, we simply want to say that you can buy of us or any other dealer who happens to be handling the same, that incomparable Round Oak Steel Range, for some \$10 to \$15 less than we understand the peddler is asking, and if you pay cash there is a liberal discount even beyond this. If you happen to want credit, we can arrange with you on any reasonable basis that can be desired. After a reasonable cash-with-purchase payment, our monthly payment plan makes it very easy for most people to own within a short time the finest range that has ever gone into an Orleans county home, without hardly feeling the expense.

Possibly the stranger may have heard of you as one of the men who believes in patronizing his home merchant. If so, he is not likely to call on you, because he is looking for the man who seems to prefer to have his money go outside of our good old Vermont.

## Beacon Blankets

There are no blankets that quite equal the genuine Beacon Blankets in colors, effects and designs and their values have always been the best.

This year the first of May the output of their mills, the largest in the world, was sold up to January 1, 1917. None of their blankets can be bought at any price now. Our stock was bought in March and we are getting our entire order and it is very much larger than ever before but will not last to the end of the season. Buy your Christmas blankets early and you will be sure to get GENUINE BEACON BLANKETS.

All blankets will be higher later and very scarce and the lower grades will be impossible to get at all. Buy blankets now.

## Dress Goods and Silks

An elegant assortment and many of them at much less than will be possible later as the rise seems to have only started on all yard goods.

## Trunks and Bags

At last the rise on genuine leather bags has come and is beyond all expectations, a genuine cow hide suit case will be soon at such a high price that they will be out of the regular trade. We still have a very good line and you can have one at less than we could buy them today if you get one while the present stock lasts.

## Patrician and Reeds Shoes

These two makes are two of the best for both quality and styles and you can feel that your feet are correctly dressed when you are wearing any of their shoes. New Fall boots priced \$4.00, 4.50, 5.00 a pair

We have less expensive shoes for those who do not wish to pay these prices that are good styles and good values.

## Boys' Fall Shoes

The same values and at the same prices as last year and this will be your last chance for a long time to get as good values in boys' shoes.

## New Fall Gloves

Genuine Chanut French Kid gloves priced \$1.25, 1.50 and up to 2.50

American street gloves, special values at 89c, 1.00, 1.25

Chamoisette gloves priced 50c, 60c, 75c

Yarn gloves and Mittens still at old prices, but these prices cannot last long with the present prices of yarns.

## Knit Underwear

Our Fall stock was bought last December and we can offer very much better values than would be possible if we were obliged to buy at present prices.

## Dove Muslin Underwear

New Fall Garments are just in. This underwear has the appearance of hand made garments and costs no more than the ordinary kinds.

## Flannelette Underwear

All early purchased flannelette underwear will be much better than will be possible to get later, while prices will probably remain about the same the weight of the garments will be much lighter. We bought what we expected would be enough to last us during the season but find our sales are already much greater than last Fall at this time and probably later we will have to offer poorer values than we are offering now.

## Gordon Dye, Holeproof and Phoenix Hosiery

Three of the best known makes and practically all numbers at same old prices but only for the present stock. Regular 25c and 50c grades will have to be sold later at probably 30c and 60c if the same quality is offered.

This week we shall offer for Week-End Bargains during the day Saturday

50 pairs Corsets, a regular dollar number, at 69c a pair

50c Rubber Aprons at 19c each

Dark Japanese Crepes, suitable for children's dresses, waists, etc., 25c value at 10c a yard
